Conception Tribeca NYC

Thursday night in tribeca Rachel Wilkins, Jonnathan Fritz, and Mike Wolf put together a fantastic art event called Conception; which is a collaborative of artists with a collective passion for the unexplored, with full intention to find and indulge in the untouched corners of the artistic psyche. Twenty-one exceptional visual artists collaborated with New York City's finest musical and design talent descending upon a truly unique underground venue in the heart of TriBeCa. The event was a total success and over 400 people showed up. The participating artist were Jack Applegate, Colleen Blackard, Zofia Bogusz, Dani Wilbert, Stephanie Deshpande, Erin Dinan, Michael Facini, Jonathan Fritz, Francis Legge, Monique Lignons, Jamie Martinez, Edward Piertrowski, Ka-Son Reeves, Nathan & Noah Rice, Chris Varthalamis, Harlan Vaugh, Jack Applegate, Tracy Von Becker, William Wacker, Timothy Wearne, Rachel Wilkins, and Mike Wolf. There was also a fashion show featuring designer Pumla Ngxekana , jewelry by Anastasia Savenko, and music by The Hampton Brothers, Mr. Tough, and Kids with Guns.. The event went deep in to the night and the crowd seemed pretty pleased. I'm really looking forward to their next event.
